INTRODUCTION AND PURPOSE

The purpose of Adult & Teen Challenge is to reach out to, love, and disciple men ages 18 and up who use life-controlling substances, or have life controlling problems. For any student to be successful in our program, he must first be willing to allow God a chance to help him, and then subsequently submit to the aid of the Adult & Teen Challenge staff.

An integral part of the program involves the elimination of former temptations, and dissolution of former lifestyles. To that end, the following rules and regulations have been developed to help the student eliminate some of these former areas of temptation and difficulty. They also serve to teach the student self-discipline and are valuable road maps to living with others in peace and harmony. This handbook was prepared for those students contemplating entrance into the Adult & Teen Challenge program, and for those who wish to go on to become students. After reading it, you will have a better idea of the commitment involved and will then be able to decide if you are ready to make that commitment.

Understand that Adult & Teen Challenge is not for everyone. Only those who are sick and tired of the way that they are living and *determined* to pursue a deep personal relationship with Jesus Christ need apply.

Adult & Teen Challenge is a drug-free recovery program. Our method of withdrawal is “cold turkey” without medication. We require a pre-induction detoxification program to those with severe physical addictions.

The rules at Adult & Teen Challenge are strict, as you will see. These rules are not set down to make you miserable; rather, they are designed for your protection and growth. Most students come to Adult & Teen Challenge because they have been unable to handle the pressures of living as a responsible person in a sinful world. Thus, the rules are intended to provide the structure in which our students, along with the help of a dedicated staff, can develop their relationship with Jesus Christ.

If this is what you want.... Adult & Teen Challenge is for you!

PROGRAM PHASES

Students at Adult & Teen Challenge go through program phases in which they attain different levels of tenure. The phases are as follows, and promotion to the next level is not necessarily automatic and is up to the discretion of the director.

- I. **Adjustment Period:** The first two weeks in this program will be an adjustment period for all students. This is to help make your transition into the program as easy as possible, by eliminating outside distractions. During this time, you will not be able to make phone calls, nor can you have visitors.

At the end of this period, the student will be evaluated by the staff regarding commitment, sincerity and cooperation. At that time, a decision will be made as to whether or not the student will continue in the program.

- II. **Induction Phase:** (First 2 months). This includes the Adjustment Period. During this phase the student will alternate between work days and class days. Every workday the students will work from 8:00am to 5:00pm at their scheduled work therapy class. On class days the students in this phase will then go to class from 8:00am – 5:00pm and work on the first set of Group Studies for New Life in Christ. After dinner and free time students will return to class and work on Personal Studies for New Life in Christ from 6:30pm - 8:30pm.
- III. **Training Phase:** (Third through Tenth months) The student will be in the Training Phase for eight months. During this six-month period, the student will work a full day at their work therapy class and attend class in the evenings where they will be working on the second set of Group Studies for New Life in Christ and continuing their work on Personal Studies for New Life in Christ from 6:30pm - 8:30pm.
- IV. **Transition Phase:** (Eleventh through Thirteenth month) The student will be in the transition phase for three months. During these three months, the student has the *opportunity* to volunteer for Sonrise Adult & Teen Challenge allowing students to help other students and give back to the ministry. During this phase, the student will have free time in the evenings if all class work has been completed.

V. Reentry: Once a student has successfully completed the phases above, he must then “successfully” walk with the Lord for at least six months away from Adult & Teen Challenge, in order to qualify for graduation. The student must maintain a good relationship with a local church during that time, by which good evaluations, in writing from the pastor to Adult & Teen Challenge, will be required in order for a student to qualify for graduation.

Notes Regarding Program Phases

Note 1: Promotion is not automatic. All students will be evaluated regularly with regard to commitment, cooperation, and sincerity. These evaluations will be used in determining if and when a student is promoted. The decision of the director is final.

Note 2: There is only one graduation ceremony per year, held in the fall.

Note 3: The time for a student to complete the program is 13-16 months (multiple disciplinary infractions can result in added time).

Note 4: The program is subject to revision.

Note 5: There are special guidelines for the Transition Phase that are not in this handbook.

Note 6: Unless married, there will not be special relationships with members of the opposite sex. This next thirteen months, will be a unique opportunity to focus on your relationship with the Lord. **Attn: In accordance with John 4:16-18, Adult & Teen Challenge does not recognize Common Law Marriage.**

HIV Policy:

Teen Challenge of Oklahoma accepts students from varied backgrounds and walks of life. Because of their former lifestyles, some students may have contracted communicable viruses, including HIV. Both educational and hygienic policies are in place to insure a safe environment. Student's medical conditions are considered confidential and will only be shared amongst staff on a strict need-to-know basis.

Accounts for Students:

You are to turn in all monies, check book, and credit cards upon entrance into the program. All cash and coin will be applied to your commissary. Commissary is non-refundable. Designated funds (IE doctor visits, co-pays, or special events) will be kept and tracked in an account for you.

Upon leaving the program, remaining designated funds will be returned via mail to your family, minus anything owed or the cost of repair for any damage done to the Adult & Teen Challenge property.

All commissary, lab fees, intake & monthly fees are non-refundable.

Medication & Withdrawal:

We are not a medical facility. All prescriptions must be declared and approved prior to intake day. We are not equipped to administer psychoactive medications, because of this, students must check with their doctors before being accepted into the program. If their doctor insists they be on the unapproved medication we will refer the prospective student to another facility. Adult & Teen Challenge is a drug-free recovery program. Our method of withdrawal is “cold turkey” without medication. If your student requires a medical detox we require it be completed before intake day.

Staff will distribute all approved medications, prescriptions, vitamins, etc. If you need medication, you are responsible for asking a staff member for that medication at the appropriate time. Staff will be present to witness a student taking medication to ensure the medication is being taken as per instructions provided on package or bottle. All medication, which is taken orally, must be taken in front of a staff member.

Sick Call:

If you need a doctor, inform a staff member, who will make the necessary arrangements. **THE STUDENT WILL BE EXPECTED TO PAY THE DOCTOR'S BILL.** Should you need to see a doctor, a transportation fee of \$12.00 will be charged if the staff has to take you. We are not able to provide medical or dental care. Unless extremely sick, you will be expected to get up, take a shower and get ready for the day. If you are still too sick to take part in the day's activities, you will then return to bed upon staff approval. If you are

sick, you will remain in your room the rest of the day, except to use the rest room. Meals (consisting of broth and crackers) will be brought to your room. There will be no visiting with other students while you are sick.

Advising:

If you have a problem, please put in a request to talk to a staff member. At times, staff members will seek you out in order to speak with you about a situation. Please try to be open at these times and allow God to minister to you. Each student will be assigned a personal advisor and he will meet with you as often as is necessary for your personal and spiritual growth.

Note: *Students may not counsel other students.*

Discipline:

Try to remember that the rules are here for your benefit. When you break these rules, problem areas in your life are brought to the surface. In order to grow from these incidents, discipline will be given when deemed necessary by staff members. Remember that discipline is not punishment to make you miserable; rather, it is a means by which you can overcome problem areas and grow in your Christian life (See Hebrews 12:5-11). Various means of discipline such as: extra work, loss of privilege, push-ups, sit ups, probation, etc., may be employed in hopes of bringing growth. Your attitude toward the discipline will make the difference in whether it is positive or negative.

Dealing with Conflict:

In dealing with conflict with another student, your pattern for action can be found in Matthew 18:15-17. Verse 15: Step One - Go to brother alone. Talk to him personally to settle the matter. Verse 16: Step Two - Take 1 or 2 others (they must be staff members) Remember, your attitude makes all the difference.

If you have a question about the reason for a rule, politely ask the staff to explain. If you are still not satisfied, the best response is simply to accept it. In the case that you have a serious problem with a staff member or a house policy, and you have made several unsuccessful attempts to resolve it, you should then see the Assistant Director.

Student rights:

Students shall have the following rights:
